

Delaware has expanded eligibility for COVID-19 vaccination

Since supply has increased, DE has changed timeline & rollout plan to distribute vaccine to more Delawareans in a way that is fast & fair

Ongoing

Long-term care residents and staff
Onsite at LTC facilities; Walgreens for staff

People aged 65+
Sign up via [waiting list](#) for DE events¹

Employer groups, includes:

Frontline and other essential workers

Onsite vaccination, via partnerships, or state events¹

Teachers, school staff, and childcare workers

Via DE Dept. of Education (district and state events¹, Walgreens)

Phase 1A health care personnel

Onsite by health care staff or Walgreens

Current focus

People aged 50+
Sign up via [waiting list](#) for state events¹

May also sign up via DE [pharmacies](#)

People 16-64 with high-risk medical conditions and disabilities, includes:

People with intellectual or developmental disabilities

Unpaid/family caregivers of those with high/moderate risk conditions

All via medical providers and hospitals, decision to vaccinate at discretion of [providers](#)

Questions about accommodations?
Call 1-833-643-1715 or email vaccine@delaware.gov

Upcoming

Starting April 6: People 16+
People 16+ may register on the [waiting list](#) for state events¹ (note that invitations to state events will be contingent on supply and prioritized based on age and other risk factors, including pre-existing medical conditions)

[Pharmacies](#) will also begin vaccinating people 16+ on April 6

[Medical providers](#) will continue to vaccinate only Delawareans aged 16-64 with high-risk medical conditions and disabilities

Additional information will be shared as it becomes available

DE encourages residents to take the first vaccination opportunity available to them

1. DE vaccination events can be held at DMVs, Dover International Speedway, and Curative PODs, as well as community-based events.
